Hexatronic wins an order of 29 MSEK – reinforces the Swedish fiber transport network

Hexatronic Cables & Interconnect Systems AB, a wholly owned subsidiary of Hexatronic Group AB, has signed an agreement with one of the major Swedish operators regarding the delivery of cables to a reinforcement of the fiber transport network in the south of Sweden (Stockholm to Malmö). The agreement includes delivery of both transport cable and submarine cable used for crossing of waters. The major part of the agreed quantities will be delivered during 2018.

Hexatronic offer system solutions in submarine cables as well as in complete fiber optic infrastructure, from development and production to delivery.

“We are very satisfied about the agreement which is an acknowledgement of the confidence in the market of our fiber optic solution offering.” says Henrik Larsson Lyon, Hexatronic’s Chief Executive Officer.
